

Kwanza Bracelet

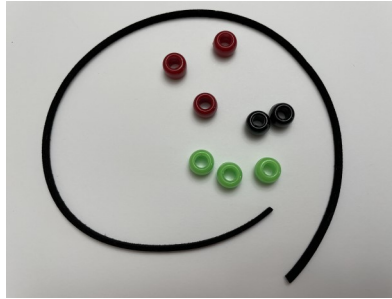

Materials needed:

12-14" imitation suede cord

3 red Pony Beads

3 green Pony beads

2 black Pony beads

Note: you will have extra beads in your kit, in case of damage or loss.

Instructions:

Put 3 green beads, then 1 black bead and then 3 red beads on the cord.

Make sure the black bead is near
the center of the cord.

Tie an overhand knot on each side of the beads.

Overhand Knot

Thread one side of the cord through a black bead. Then thread the other side through the bead, going the opposite direction.

Tie an overhand knot at each end of the cord. This will stop the cord from slipping back through the bead.

Put your hand through the bracelet and pull both cord ends so that your bracelet is snug.
